

SKIP THE WAITING ROOM

SPEAK TO A DOCTOR ANYTIME, ANYWHERE

Our telehealth program is a convenient and cost-effective way to get quick medical advice by phone, online or on your mobile device about many non-emergency conditions. It's just one more way our organization invests in you and your family.

MEET CHARLOTTE

Mother of two. Avid runner. Breast cancer survivor. Charlotte wakes up one morning with a stuffy nose. She suspects a cold, but doesn't have time to visit her doctor's office as she has a busy day of work ahead.

THE SOLUTION? TELEHEALTH.

After reaching out to her organization's telehealth program, a doctor is able to diagnose Charlotte with a sinus infection over the phone. She also receives a prescription for an antibiotic, which she picks up at her local pharmacy. She's able to stay on track at work and home without skipping a beat!
