# HUB C&D's Mobile App Solutions

## Benefit Spot Classic (Core)

**BENEFIT INFO** — The information behind each button is custom to the client.

**BENEFIT DETAIL** — The app contains a high level overview of benefits, which is templated. Clients cannot change or add information or benefits within the various sections.

**BRANDING** — Benefit Spot is available in one standard design and app name – individual client branding (with the exception of client name and logo) is not incorporated.

**ACCESS** — A company code is required to access your client's benefit information.

**FEATURES** — Clients can choose up to nine home page buttons from a list of options.
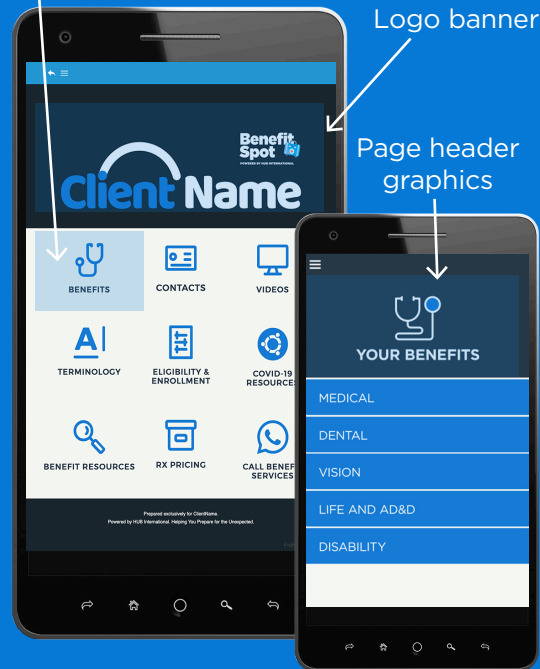

## Benefit Spot Plus (Custom)

Benefit Spot Plus includes all the features of Benefit Spot Classic with the added perk of customizable branded elements.

Button icons, labels and background color

Logo banner

Page header graphics

You have the option to include custom content within each button for an added fee.
