

# Bring Your Benefits To Life With Virtual Landing Pages

## A Virtual Portal to Your Benefits

Virtual landing pages allow you to host all your benefit resources and enrollment information in one spot. With up to eight tiles, you can link your employees to whichever resources you decide are most important, including:

- Benefits guide
- Enrollment website
- FAQs
- Videos
- Calendar of events
- One-click contact to HR
- And more!

Your site can also host an Open Enrollment webinar or video, so your employees can attend a meeting—even if they are working remotely.

In addition to setting up your web page, we offer site notifications, and analytics to keep it all running smoothly, starting an annual fee of \$2,500. Whether your employees have questions about their benefit plans or want to contact their health insurance carrier directly, you can point them to one resource that will address all their benefit enrollment needs.
