

# MAIL ORDER RX

## HOME DELIVERY PHARMACY

If you take prescription medications on a regular basis, such as those used for asthma, diabetes, heart conditions, high blood pressure and more, consider using the home delivery option. **Not only is it convenient, it can also save you money by providing a three-month supply of medication for the price of ##.** Other features include:

- Convenient delivery of your prescription medication directly to your home or local pharmacy
- Easy refills of 90-day supplies in most states.
- Free refill reminders by phone, text or email
- 24/7 access to licensed pharmacists

Switch to home delivery by calling **XXX-XXX-XXXX**  
or visiting **CarrierWebsite.com**
